24. [REDACTED] LIAISON Called Edward J. Palmer, Staff Director, Subcommittee on Asian and Pacific Affairs, House International Relations Committee, in response to his request for a medical kit and a shortwave radio from James Lilley, NIO/China. Lilley had earlier given a background briefing to the Subcommittee on the People's Republic of China. I advised Palmer that, while we wanted to be helpful to the Committee and hoped that we had been by providing the briefing and other unclassified printed material, the two items he was requesting fell outside the area in which we could provide assistance to the Committee. Palmer said he understood and would seek the materials elsewhere.
